From: Jane Smith

Title: Information Manager

Facsimile #: (509) 375-1234

Telephone #: (509) 375-5678

E-Mail Address: jq\_public@pnl.gov

**Transmittal Consists of [ 1 ] Page(s) including cover page.**

*COMMENTS: To open a PNNL template, place the cursor on "File" on the menu bar, click and slide the arrow down to "New," select the PNNL tab in the dialogue box that opens, then select **PNNL\_Facsimile\_Template.dot**, which will open up the new fax template. The current date will be automatically inserted. Press Tab to go from field to field and enter information as prompted. You have the option of checking the box to save sender information as the default. The "Comments" section is used to reference what information you are sending and why you are sending it. An example is: "The following is the information you requested per our phone conversation this morning." It is a good idea to keep the fax and the transmission receipt together in your Letterbook.*
